NEW SLAV NATIONS IN WAR

Rumania and Bulgaria to Enter European Contest

Former to Fight Austria; Latter to Aim at Turkey

By Associated Press.  
LONDON, June 2.—A dispatch to the Daily Mail from Rome says that all the Italian newspapers hail as accomplished fact the approaching entry of Rumania and Bulgaria into the war.

PARIS, June 2.—Bulgaria and Rumania have arrived at a complete understanding, according to a dispatch from the Petit Parisien, Rumania having agreed to cede territory in Dobruja. The two countries will enter the war simultaneously, the dispatch says. Rumania is against Austria and Bulgaria against Turkey. The army staffs of the two powers are said to be busy co-ordinating military plans.

Negotiations between Rumania and Russia over the lines of the Pruth and of Banat are said to be virtually complete. If Russia accepts Rumania's proposals the latter country is declared to be ready to begin hostilities without delay.

Dobruja is a part of Rumania bounded on the east by the Black Sea and on the north and west by the Danube river. As a consequence of the second Balkan war between Bulgaria and Serbia and Greece, Rumania took from Bulgaria a large slice of territory and added it to Dobruja Province on the south.

Much bitter feeling existed in Bulgaria for some time against Rumania on this account, but more recently a change in the relations between these Balkan states was observed. Last December the Bulgarian minister at Petrograd was quoted as saying that Rumania had arranged to restore to Bulgaria that portion of Dobruja which had been annexed by the former country after the second Balkan war.

The Pruth river forms the boundary line between the Russian territory of Bessarabia and Moldavia, part of Rumania.

Banat is a region in Southern Hungary bordering on the east on Rumania.

Horses of St. Mark's, Venice, Are Hidden

By Associated Press.  
PARIS, June 2.—The famous gilded horses which have adorned for a century the principal portal of the Cathedral of St. Marks at Venice have been removed from the city to a place of safety because of the fear that they might be damaged by hostile aviators or warships.

The four horses of St. Marks, of bronze, five feet high, are among the finest of ancient bronzes. They probably once adorned the triumphal arch of Nero and afterwards that of Trajan. Constantine sent them to adorn the imperial hippodrome at Constantinople, whence the Duke Enrico Dandolo took them to Venice in 1204 as the spoils of war. In 1797 they were carried to Paris by Napoleon, but in 1815 they were restored to their former position by Emperor Francis.

LOS ANGELES ELECTS SEBASTIAN MAYOR

Voters Place Two Women on Legislative and Education Boards

"Dudley, Dudley, we have been elected to the city council," Mrs. Estelle Lawton Lindsey cried to her husband early today when the count of the election ballots showed that she had won a place in the Los Angeles municipal legislative board. Mrs. Lindsey is the first woman to be elected to such a place in a city of the state of California. She was a newspaper writer until recently. Previously she taught school at Owensboro, Ky. Her husband, Dudley Lindsey, was a federal official in Kentucky until their removal to California ten years ago.

Another woman to win favor at the hands of the voters was Mrs. Maud Crew Waters, who was elected to the board of education. Mrs. Waters is the widow of R. J. Waters, late president of the Citizens' National Bank. She has been prominent for years in the women's club work and now heads the Friday Morning club, one of the largest organizations of women in California.

By Associated Press.  
LOS ANGELES, June 2.—Charles E. Sebastian, chief of police, has been elected mayor of Los Angeles by from 3000 to 3500 votes over Frederick J. Whiffen, president of the City Council, according to the count of yesterday's municipal election. The complete count in 34 precincts out of 453 for mayor gave Sebastian 33,927, Whiffen 33,396. The firemen's two platoon system and the interchange of telephone service were approved by the motor bus men to receive them of indemnity bonds and out the license fees was defeated. Whiffen's managers were not ready to concede Sebastian's election, however. They hoped that the precincts still missing would change the result. The figures for the 34 precincts canvassed by the city clerk gave Sebastian 23,790 and Whiffen 26,627. This indicated that the total vote cast in the election yesterday would hardly be more than 50,000. The result was a surprise to those who had based predictions on the

Two Folsom Convicts Are Drowned

STAY OF TWO MONTHS GIVEN TO LOUIS BUNDY BY GOVERNOR JOHNSON

By Associated Press.  
SACRAMENTO, June 2.—Governor Johnson today issued reprieves for three condemned men who were to have been executed in the penitentiary of this state during this month. In each case the reason given for extending executive clemency was that the governor desired further time in which to make investigations concerning the case. The reprieved men are:

NAT WESTON, a negro, sentenced to be hanged for a murder committed in Alameda county. His execution was to have taken place June 8, but under the reprieve is postponed until August 20.

BURR HARRIS, a negro, sentenced to be hanged for murdering a woman (Christian Science practitioner) in Los Angeles. His execution was fixed for June 11, and now is postponed until August 6.

LOUIS BUNDY, who murdered a messenger boy in Los Angeles to get money with which to buy a present for his sweetheart. His execution, set for June 18, is postponed until August 13.

Bundy and Weston are inmates of San Quentin, while Harris is held at Folsom.

President and Bernstorff in Important Conversation

Kaiser's Representative Hears Exact Idea of America

By Associated Press.  
BERLIN, June 2, via London.—The German government has transmitted a communication to James W. Gerard, the American ambassador at Berlin, explaining that the torpedoing of the American tank steamer Gulfight off the Scilly island on May 1st was a mistake.

Germany disavows any intention of attacking harmless neutral ships and in cases where she is at fault, she offers to compensate.

Ambassador Gerard was informed two days ago by the German admiralty staff that the Gulfight had been torpedoed in error, the commander of the submarine not noticing the American flag on the steamer until after he had given the order to fire.

By Associated Press.  
WASHINGTON, June 2.—Count Bernstorff, the German ambassador here today at noon. The President received the ambassador in the historic blue room of the White House.

The ambassador motored to the White House through a downpour of rain. The President, wearing a cut-away suit, appeared in the blue room promptly at 12 o'clock. The ambassador was in a formal frock attire, Isaac Hoover, the chief usher at the White House, announced the ambassador.

The President and the ambassador sat down on a davenport and began a half hour talk. Inasmuch as the conference was of an informal character, no announcement concerning it was expected to be made.

It was understood, however, that the object of the ambassador's call was to gain from the President an idea of the points in the last American note which the United States is determined to insist upon, and to give the President an idea of the German viewpoint.

Accident on Sand Barge Plunges Four Men From Boat

By Associated Press.  
SACRAMENTO, June 2.—Releasing their hold on the cable by which they were steering a sand barge across the American river to the prison sand pit, four convicts were hurled into the torrential waters of the river today and two of them, John Lee, serving two years for robbery, from San Joaquin county, and Burt Coyne, serving three years for robbery, from Sacramento, were drowned.

Joe Martin, serving six years for robbery from San Francisco, swam to safety when the barge was smashed to pieces, while John Olson, serving three years for criminal assault, committed in Alameda county, was last seen on the wreckage waving his hand to the prison officials and other convicts as he was being carried down the river.

San Francisco, June 2.—Chief of Police David Augustus White will probably be reappointed by the commission as head of the local department of police at the next meeting of the board. His term expires on June 14, and at that time the commissioners will have to select a successor. It is understood that Mayor James Rolph Jr. is in favor of White holding the post. After the mayor took office he intended the position for another member of the department, but an effort to remove White was met with strenuous opposition. Since that time the chief has become very popular, not only with his subordinates, but also with merchants, bankers and business men, and since the Exposition opened he and the mayor have recently consulted on important matters.

If the chief is reappointed it will mean that he will hold office longer than any other head of the department since Chief Crowley.

New "Shamrock" to Be Built at Once

By Associated Press.  
LONDON, June 2.—The Central News says that Sir Thomas Lipton will immediately place an order for the yacht to be called Shamrock V, if it develops that the design of the Shamrock IV has been disclosed to American yachtsmen. Sir Thomas, according to the Central News, is determined to race a boat the lines of which are a complete secret to Americans.

Sir Thomas Lipton's yacht, Shamrock IV, with which he had challenged for the America's cup, arrived in New York shortly after the outbreak of the war last year. In view of the war the races which were to have taken place off Sandy Hook for the trophy were postponed and the Shamrock IV was housed in a Brooklyn shipyard, where she now is.

Eighteen Aeroplanes Raid German Territory

By Associated Press.  
COPENHAGEN, via London, June 2.—According to Berlin dispatches, of the eighteen French aeroplanes which recently raided Ludwigsafen, only twelve returned. Two were compelled to make a landing and four were shot down.

According to the statement issued by the French war office, all but one of the aeroplanes that raided Ludwigsafen on May 27 returned to their base. This machine, it was admitted, was forced to make a landing. The German official statement also mentioned the fact that one of the aeroplanes was brought down.

WASHINGTON, June 2.—In a statement to the American people today, President Wilson served notice on the factional leaders of Mexico that unless within "a very short time" they unite to set up a government which the world can recognize, the United States "will be constrained to decide what means should be employed by the United States in order to help Mexico save herself and serve her people."

Signalizing a change from the "watchful waiting" policy, which has guided relations with Mexico for more than two years, the president's statement was regarded everywhere in official and diplomatic quarters as notice of a new and vigorous policy to restore peace below the Rio Grande.

Everywhere it was interpreted as a warning that the patience of the United States is exhausted. What steps the president is prepared to take if his warning goes unheeded are not disclosed in the statement. In high official quarters nevertheless, no doubt existed that he is prepared to proceed.

The statement, which goes to Carranza, Villa, Zapata and Garza, the principal leaders, not as a diplomatic note from the United States, but as a declaration of President Wilson's attitude expressed in a statement to the American people, is as follows:

"For more than two years revolutionary conditions have existed in Mexico. The purpose of the revolution was to rid Mexico of men who ignored the constitution of the republic and used their power in contempt of the rights of its people, and with these purposes the people of the United States instinctively and generously sympathized. But the leaders of the revolution, in the very hour of their success, have disagreed and turned their arms against one another.

"All professing the same objects, they are, nevertheless, unable or unwilling to co-operate. A central authority at Mexico City is no sooner set up than it is undermined and its authority denied by those who were expected to support it.

SOLUTION NO NEARER THAN BEFORE.

"Mexico is apparently no nearer a solution of her tragical troubles than she was when the revolution was first kindled. And she has been swept by civil war as if by fire. Her crops are destroyed, her fields lie unseeded, her people flee to the mountains to escape being drawn into unavailing bloodshed, and by no means seem to see or feel the way to peace and settled order. There is no proper protection either for her own citizens or for the citizens of other nations resident and at work within her territory. Mexico is starving and without a government.

"In these circumstances the people and government of the United States cannot stand idly by and do nothing to serve their neighbors. They want nothing for themselves in Mexico. Least of all do they desire to settle her affairs for her, or claim any right to do so. But neither do they wish to see utter ruin come upon her, and they deem it their duty and theirs to demand the active aid of her own citizens or for the citizens of other nations resident and at work within her territory. Mexico is starving and without a government.

"Patriotic Mexicans are sick at heart and cry out for peace and for every self-sacrifice that may be necessary to procure it. Their people cry out for food and will presently have as much as they fear every man in their country or out of it who stands between them and their daily bread.

TIME FOR AMERICA TO SPEAK.

"It is time, therefore, that the government of the United States should frankly state the policy which in these extraordinary circumstances it becomes its duty to adopt. It must presently do what it has not hitherto done or felt at liberty to do—demand the active aid of some man, or group of men, if such may be found, who can rally the suffering people of Mexico to their support in an effort to ignore, if they cannot unite, the warring factions of the country; return to the constitution of the republic, so long in abeyance, and set up a government at Mexico City which the great powers of the world can recognize and deal with—a government with whom the program of the revolution will be business and not merely a platform.

"I, therefore, publicly and very solemnly call upon the leaders of factions in Mexico to act together, and to act promptly for the relief and redemption of their prostrate country. I feel it to be my duty to tell them that, if they cannot accommodate their differences and unite for this great purpose within a very short time, this government will be constrained to decide what means should be employed by the United States in order to help Mexico save herself and save her people.

The statement prepared after yesterday's cabinet meeting was intended for issuance early today, but was delayed by minor changes made in conference between the President and Secretary Bryan. It was to have been made at 10 a. m., but was delayed until shortly after noon. While it was being given out at the White House it was being flashed on its way to Consul Silliman at Vera Cruz, the Brazilian minister at Mexico City and Consul General Carothers, who will deliver it to the leaders of the factions with which they deal.

CONFERENCE ON FAMINE.

Later today President Wilson conferred with Miss Mabel T. Boardman of the executive committee of the Red Cross on relief for the famine sufferers.

Secretary Bryan announced the receipt of a dispatch from the Mexican Red Cross emphasizing the great need in Mexico City. Another appeal to local Red Cross committees throughout the country will be issued soon to expedite gathering of supplies at the border.

White House officials refuse to amplify the President's statement, saying that any further steps in his new policy would be announced as they were decided upon.

# STRY TAKEN IN TOUGH FIGHT

## Desperate Defense of Russians Near Przemyśl Admitted at Berlin.

By Associated Press. LONDON, June 2.—Some of the difficulties encountered by the Austro-German forces in capturing the important town of Stry, in Galicia, southeast of Przemyśl, are described by correspondents of the Morning Post and Vossische Zeitung. They say that the capture of Stry was preceded by a large number of severe fights, of which the most bitterly contested was at Lisowice. At this point the Russians had entrenched themselves strongly. Their trenches were protected by barbed wire entanglements. Once these had been taken the Austro-German forces encountered strong defenses along the railroad embankment. Finally the village was stormed. The Russians fired Lisowice and other villages in the vicinity when the attacking troops approached. Among the blazing houses a night battle with bayonets and clubs took place. The Russians offered strong resistance on retreating, bringing up new forces for one counter attack after another. The Austro-German troops nevertheless drove them back and pushed forward half way to the Dniester river. **IMPORTANT PLACE.** German military authorities assert that this vicinity is of large strategic importance. The broad river, they say, does not afford effective opportunities for defensive operations, so that the Russians are expected to retreat to the Dniester lines at Rozwadim, where they probably will make a stand in the swamp land. Should they be again forced back, they would have no opportunity of making a defense before Lemberg would be in the lake district south of the city. The assertion is made in Berlin that the capture of three forts near Przemyśl and the victory at Stry indicate the complete capture of the Russian Galicia. The last railroad line available for the Russians out of Przemyśl already is under fire.

# Japanese Cabinet Opposers Aroused

By Associated Press. TOKIO, June 2, 7:30 p. m.—The opposition today introduced a resolution in the House of Representatives expressing lack of confidence in the present cabinet. The resolution charged the cabinet with having failed in the negotiations with China from the beginning to the end; with having interfered with the friendly relations with China; with having aroused the suspicions of foreign powers, thereby harming the prestige of the empire instead of laying the foundations of peace in the Orient, and with having created a situation likely to be followed by further complications.

# Steamer Torpedoed; Seven Lose Lives

By Associated Press. LONDON, June 2, 2:30 p. m.—The British steamer *Saidieh*, from Alexandria, Egypt, for Hull, was torpedoed yesterday in the North Sea. Seven members of the crew including a stewardess were drowned. Forty-one survivors were landed today at Chatham. The *Saidieh* had a crew of forty-eight Greeks, a British commander and eight passengers of different nationalities. The loss of life was the result of the jamming of davits while one of the boats was being lowered. Those in the other boats were picked up by a trawler. They assert that no warning was given before the vessel was torpedoed. It sank fifteen minutes after the explosion.

# LIFE OF THE LITTLE LANDER

At the Unitarian Church.

You miss something really worth while if you do not attend Wm. E. Smythe's lectures at Starr King hall, Unitarian church, Fourteenth and Castro streets, and hear the full and interesting story of the "Life of the Little Lander."

Much new material is being used, including some very remarkable instances of high returns from the intensive cultivation of very small areas in Oakland itself. The pictures are excellent. "Efficiency and Refinement"—these are the two big notes of the Little Lander's life.

Come and hear about the men who are making a living with their own hands from little lands and who are teaching new Little Landers how to do it. It is the teaching of hard-headed, practical men, not of theorists and dreamers whose knowledge is merely academic.

Then hear about efficiency on the commercial side by means of co-operative buying at wholesale rates and co-operative selling direct to consumer.

It will also be interesting in the refinement that goes with this form of life on its social and intellectual side and in plans for the new "Temple of the Little Landers" among the sweet hills of Hayward, about a dozen miles from Oakland.

These lectures are free, but if you paid a dollar to hear them you would get your money's worth.

**REMEMBER THE DATES—**THURSDAY EVENING AT 8:15, THEN FRIDAY AFTERNOON AT 2:45, AND, AGAIN, FRIDAY EVENING AT 8:15.

Daily visits to Hayward Heath, Home of Little Landers of San Francisco Bay Region. Get off at Villa Hotel, Hayward. Find representative there and take auto for Colony.

The Little Landers are working on the foundations of prosperity and happiness for the masses and are rapidly creating a renewed and refined life of the people.

Come and hear William E. Smythe tell the story in his entertaining and forceful way.—Advertisement.

By Associated Press. BERLIN, June 2, via London, 3:25 p. m.—The German army headquarters announced today that more than 300,000 Russians had been captured during the month of May. Announcement also was made that further Russian entrenchments near Przemyśl had been captured.

# MOBILIZING MILLION MEN

By Associated Press. LONDON, June 2, 11:42 a. m.—Rumania is now occupying "the seat of uneasy neutrality" lately held by Italy. The diplomats of the Near East evidently are working hard to bring about an understanding between Bulgaria and Rumania. Rumors are being spread that Rumania is mobilizing an army of 1,000,000 men, which is said to be in splendid condition for active service.

The German press is showing some indications of anxiety over this situation, and the Frankfurt Zeitung has called for concessions to prevent Rumanian intervention. Vienna has been informed that Germany, pointing out blood and treasure in the struggle, must be listened to and that Austria-Hungary must be prepared to make certain sacrifices to meet the Rumanian demand.

It is significant in the opinion of British observers that three of the opposition leaders in the Bulgarian Parliament have demanded and have been granted a conference with Emperor Francis Joseph for the statement of the complete situation which cannot be uttered in Parliament itself.

By Associated Press. COPENHAGEN, via London, June 2.—The Swedish steamer *Pan*, which sailed from here a few days ago with a cargo of guns, has been reported to have been seen near Falmouth, transferring her cargo to a German torpedo boat. The Danish government held up this shipment for several months owing to doubt as to its bona fide destination, but permitted it to proceed Saturday on the alleged promise of captain and the owners of the vessel that it would be taken direct to Dedeagatch.

The government has ordered an investigation.

# INDEPENDENT STATE FACING WAR CRISIS

By Associated Press. ROME, via Paris, June 2.—The little republic of San Marino, 23 square miles in area, although entirely surrounded by Italian territory, forms an absolutely independent state. A serious discussion is now going on in this republic as to whether it shall remain neutral.

The question is more important than appears at first sight. San Marino, standing on a high mountain a few miles from Rimini, dominates the Adriatic. It is surrounded by Italian troops. It would, in time of need, take refuge there, take on new supplies and return home. This would not be possible if San Marino joined with Italy in the war.

# ROBINA HENRY ENGAGED TO WED SOUTH AMERICAN

MISS ROBINA HENRY, WHOSE ENGAGEMENT IS AN INTERESTING ANNOUNCEMENT OF THE SEASON.

# War Summary

The Austro-German grip on Przemyśl is tightening. The official announcement from the Berlin war office today states that further incursions to the north of the city have been repulsed, although the Russian military authorities assert that attacks on these outlying fortifications have been repulsed.

The German war office also announced that during the month of May more than 300,000 Russians were taken prisoners.

Severe fighting occurred yesterday on the western end of the Franco-Belgian front north of Arras. The French war office claims that the allies penetrated Neuville and captured several houses as well as trenches near the town. The Berlin announcement, however, asserts this attack was repulsed.

The Belgian army is once more in the thick of battle. A statement from the Belgian war ministry indicates that the Germans are assaulting their position on the front. It is said, however, that the Germans were unable to advance and that they suffered from a heavy fire of guns massed by the Belgians.

The British steamer *Saidieh*, from Alexandria, Egypt, for Hull, was torpedoed yesterday in the North Sea. Seven persons, including the commander, were drowned and forty-one survivors were landed at Chatham.

The attitude of Rumania is said in London to be causing concern in Berlin. The feeling is expressed in some quarters there that Austria-Hungary should make territorial concessions to insure Rumania's neutrality. A Bucharest dispatch to Paris says Bulgaria has obtained territorial grants from Rumania and that Rumania is engaged in similar negotiations with Russia.

Under this plan, it is said, Rumania will go to war against Austria and Bulgaria against Turkey.

Rumania aspires to the possession of Transylvania and the Austrian government is reported to have decided against granting her demands. Turkey already has made preparations at Adrianople and elsewhere south of the Bulgarian border for possible invasion.

# SEEK SOLUTION OF SHIP CAPTURE PUZZLE

By Associated Press. LONDON, June 2.—Efforts are being made to settle the case of the American ship *Ogechee* which was seized when homeward bound from Bremen with a general cargo. The judge presiding at the trial has informed the American Consul General, Robert P. Skinner, that if the American claimants of various parts of the cargo will present papers, proving that they actually owned the goods before March 5, the British government will not compel these owners to take legal action to recover their property, but will release the goods without further proceedings. Mr. Skinner, therefore, urges that claimants forward quickly to him all possible evidence of their ownership of portions of the cargo consigned to them.

The Swedish steamer *Sydland*, from New York, May 1, for Goteborg, is still discharging portions of its cargo destined for the prize court. The government has not yet reached regarding the action to be taken in respect of the vessels of which the *Sydland* is one, which were taken over by Albert Jansen, who has been accused of carrying on an illegal trade in copper.

The oil tanker *London* is at St. Petersburg unloading a portion of its cargo purchased by the government, its master and the tanker *Vulcan*, is still detained at Kirkwall, while the government is considering the purchase of its cargo.

# DECLINES SHELL ORDER FROM FRENCH ARMY

By Associated Press. EAST ST. LOUIS, Ill., June 2.—George W. Heller, proprietor of a forge works here, today declined an unlimited order from the French government for shrapnel casings. The order would have amounted to \$50,000 a week.

Mr. Heller declined the order because he is opposed to war.

A few days ago Theodore Philippe of East St. Louis declared an order for \$500,000 worth of machinery for the manufacture of cartridges.

days. His information was based on reports received in Tampico just before his departure.

DOUGLAS, Ariz., June 2.—So far as Sonora, Mexico, is concerned President Wilson's warning to Mexican chiefs to join in the establishment of peace is not expected to have much effect, for the reason that the Yaqui Indians beyond all control and have proclaimed an independent government of their own. What the United States will do in their case is causing much curiosity to Mexican leaders of all factions, who are wholly unable to cope with them. For thirty years prior to the outbreak of the Madero revolt in 1911, Sonora was more or less under military law owing to turbulence of the Yaqui, who had been dispossessed of their rich lands in the Yaqui valley on the west coast of Mexico by Porfirio Diaz.

These lands have passed in large areas into the hands of Americans and other foreigners. Revolutionary leaders of various political affiliations have won temporarily the support of the Yaquis by promises of the restoration of the lands. As fast as they failed to redeem these promises the Yaquis turned against them. The last man they supported was Jose Maytorena, governor of Sonora and Villa leader. Late the Indians rebelled against him, set up an independent nation and declared war on all Mexicans. They warned all foreigners to leave.

Only two weeks ago the Yaquis attacked an American colony at Esperanza, killing three and wounding several. The Indians boast that each one is capable of killing five Mexican soldiers. And when Maytorena sent a force against them the soldiers, according to report, declined to abandon the comparative safety of the railroad, leaving the colonists to fight it out.

# CARRANZA VICTORY.

WASHINGTON, June 2.—State department advices today from Vera Cruz reported a victory for the Carranza forces at Eban, near Tampico. The battle has swung between Carranza and Villa for many weeks.

# BROWNSVILLE, TEXAS, JUNE 2.

The Carranza consulate here today announced Carranza troops captured San Luis Potosi, capital of the state of the same name.

# RAID CORRAL.

DOUGLAS, Ariz., June 2.—Five Indians raided the cavalry corral of the Carranza garrison of Agua Prieta, captured three guards and escaped with fifty horses, which were taken today to Chief Ubaldo, a Yaqui leader, who is reported to be at Anavapachi pass, near Brownsville.

General Calles, commander of the Agua Prieta garrison, is preparing for one of the numerous threatened attacks on the Mexican town. It is not believed, however, that any attack will be made.

# Charge Alien Landed Party Against Law

By Associated Press. YOKOHAMA, June 2, 9:15 p. m.—The names of another five Indians, named ordered, deported from Japan was learned today. He is Wilhelm Steinwascher, a former stevedore of the Pacific Mail Steamship Company. The charge against him is that he secretly landed at Yokohama five night burglars, who were part of a group of Germans who were deported from Hong-Kong April 19. The Japanese authorities were aware of the presence of these men in Yokohama harbor and the Japanese government ordered the Pacific Mail Steamship Company to say it knows nothing of the matter.

All these men were sent away for "committing acts against the welfare of the country."

They include a baker named G. Schulz, who came to Japan from the United States in 1914, and Adolph Richter, owner of the Imperial Hotel at Hong-Kong.

# Columbia Students to Serve in Serbia

By Associated Press. NEW YORK, June 2.—Twenty-five students of Columbia University and twenty-five automobiles will be sent from New York to Serbia within a few weeks to aid in solving the transportation problem in the country. It was announced today. The task of raising \$25,000 to pay the expenses has been undertaken by the committee of men and women drawn from the railroad company and sold on public subscription after being underwritten by a syndicate formed by the bankers. It was deposited by officials of the Pennsylvania in the bank on which it was drawn.

The students will be stationed at Nish and with the automobile which they will drive, are to be at the disposition of the Serbian government.

# Railroad Deposits \$65,000,000 Check

NEW YORK, June 2.—A check for \$65,000,000, recorded by New York bankers as the largest ever drawn in this country, was on deposit to the credit of the Pennsylvania Railroad Company in a local bank today.

It was drawn by John Loeb & Co. yesterday in payment for general mortgage 4 1/2 per cent bonds issued by the railroad company and sold on public subscription after being underwritten by a syndicate formed by the bankers. It was deposited by officials of the Pennsylvania in the bank on which it was drawn.

# GERMAN BAKER, SAID TO BE SPY, DEPORTED

By Associated Press. YOKOHAMA, June 2.—A German baker, accused of sending secret documents concealed in bread and cakes to German prisoners at Tokio has been ordered to leave Japan within a week.

Four other Germans engaged in business here, similarly have been ordered deported. The baker, whose name is J. Schulz, came to Japan from the United States in 1914. He also is charged with importing and distributing German newspapers and magazines.

Adolph Richter, another of the Germans ordered deported, is the owner of the Imperial Hotel at Yokohama, an alleged secret rendezvous for Germans.

# ENGLAND MAKES ADVANCE ON CAPTURED COTTON

LONDON, June 2.—The foreign office, through the board of trade, has advanced £40,000 (\$640,000) on the cargoes of the steamers *Albatros* and *Perdido*, cotton ships owned in New York and now held at Falmouth pending a final settlement of the price of cotton on board.

# OFFICIAL WAR STATEMENTS

By Associated Press. PARIS, June 2, 2:25 p. m.—The French war office this afternoon gave out an official report on the progress of hostilities, reading:

In the sector to the north of Arras the fighting continued last night. In the labyrinth of the southern trenches we occupied several trenches and made further prisoners. The total number of prisoners made at this point since Monday night is over 450. At Neuville itself we took possession of a group of houses where we maintained ourselves successfully after several counter attacks.

"On the other parts of this sector, particularly at Lorette, there was artillery fighting yesterday."

"Along the remainder of the front there is nothing to report with the exception of two bombardments of Rheims and particularly of the cathedral in that city."

By Associated Press. ROME, via Paris, June 2.—The following statement was issued today at the headquarters of the general staff of the Italian army:

"A series of engagements fought on May 30 in Carniola, west of Monte Croce, definitely ended in the defeat of the enemy, who left thirty dead and numerous wounded in front of our lines."

During the last there were small actions along the frontier as the result of a new disposition of our advance troops. The bad weather, which continues to create serious difficulties has not had the slightest effect on the spirits or health of our soldiers.

"Ancona authorities state that the damage to the railroad bridge over the Marecchia, near Rimini, on May 24, was not caused by enemy warships, but by an Austrian dirigible, which was flying the Italian flag."

By Associated Press. BRUSSELS, June 2.—The following official statement was issued last night regarding the operations of the Belgian army:

"A fierce artillery duel marked the day of May 31 along the Belgian front. Belgian guns of all calibres massed their fire, blowing up the enemy's trenches and accessory defenses at a number of points."

"All the roads beyond the German front are commanded by the Belgians' fire, making it very difficult for the enemy to bring up fresh supplies. The line of Belgian troops by a continuous fire prevented German troops from advancing."

By Associated Press. PETROGRAD, June 2 (via London).—An official communication this evening says:

"In the region of Shavli there has been no important change. West of the village of Kurkovskiy the fighting continued on the front of Travilny-Gallitski. We captured Monday, after a bayonet fight, the latter village, which was strongly organized and which the Germans defended stubbornly."

"On the left bank of the Vistula, Monday night, the enemy developed a very active artillery fire on the whole front north of the Pilica river. Toward 4 o'clock in the morning, the enemy, spreading a cloud of smoke and making extensive use of deleterious gas, attacked our considerable forces on position on the Brana river, near Bzow, Sochaczew and Krasow, and displayed special tenacity on the lower Rawa river, in the sector marked by the villages of Milzerka, Volla and Szadkowska."

Despite the expenditure of an enormous quantity of asphyxiating gas, the odor of which was perceptible thirty versts (about 20 miles) behind our front, all the enemy attacks were repulsed.

"In Galicia, the enemy, after preparations made during the preceding days, opened on Sunday a violent fire and delivered a series of attacks against our front west and northwest of Przemyśl, defined by the line of forts from No. 7 to No. 11."

"During Sunday night the enemy succeeded in approaching to within 200 paces of some of these sectors and attacked and even broke into the precincts of fort No. 7, around which surged an obstinate fight which lasted until 1 o'clock on the afternoon of Monday, when the enemy was repulsed with enormous losses."

"The remnants of the enemy who had entered fort No. 7, numbering 25 officers and 600 men, were taken prisoners."

"On the front above the Dniester, the enemy, consisting mainly of Germans, threw their reserves into battle in the region close to Stry. The result of the fighting here is not yet known."

"On the river Svitza our troops continue their success. Of the prisoners taken here those counted between May 23 and 30, while on their way to the rear, numbered 235 officers and 10,442 men."

# SODALITY GIRLS MIKE.

FRUITVALE, June 2.—About thirty members of the Young Ladies' Sodality of St. Elizabeth's parish went on a hike to Muir woods Sunday. Similar outings will be held during the summer by both the Young Ladies' and Young Men's Sodality.

# New Sort of Verdict Follows Airship Raid

By Associated Press. LONDON, June 2.—A coroner's jury sitting today in the case of two victims of the Zeppelin raid on London the night before last, rendered a verdict that they had met their death by suffocation and burns "the same having been ordered by some agents of hostile forces." The persons in question were Henry Good and his wife.

# Fire in Prison Camp Destroys Barracks

By Associated Press. AMSTERDAM, via London, 1:40 p. m., June 2.—The Cologne Gazette says a serious fire has occurred in the prison camp at Truguen, Prussia. Barracks for interned officers over a stretch of 150 yards were destroyed. No lives were lost.

# GERMANS TO RELEASE ONE DUTCH SHIP; HOLD SECOND

LONDON, June 2.—According to the Daily Mail's Rotterdam correspondent the Hamburg price card has decided to release the Dutch steamer *Rastaver V*, but has condemned the Dutch steamer *Zaanstroom* to be held, asserting that over half of her cargo is contraband.

The *Batavier V* and *Zaanstroom* were captured in the North Sea by German submarines last March and taken into Zeerburg. The capture of the steamers caused considerable excitement in Holland.

## HOLINESS DAY IS CONVENTION PLANNED

**Character Development by  
Bible Study Considered by  
Association.**

F. H. Hanson, president of P. D. Sherman of Las Angeles, W. Jones of Chicago and J. P. MacFarquhar of New York City, with the national speakers, constituted a session of the International Bible Students' Association, which is now meeting in the halls of the Masonic Temple at Fifth-street and the Union streets. The change from the auditorium as a meeting place was occasioned by the fact that the crowd is greater than had been anticipated, many of the delegates not yet having arrived.

This is the fifth day of the convention and is known as "Fruitage Day." The speakers talked on character development, and the effect of Bible study and tithing on the lives of men and women.

Tomorrow will be "Holiness" Day. Pastor Bunde of Honolulu and Judge J. C. H. of New York will be the principal speakers.

## SLEEPY WATCHDOG IS STOLEN FROM BURGLARS

Determined burglars stole the watch dog of E. M. Hocken, 2181 S. Fabio avenue, last night. They broke a window, the shattered glass falling to arouse the sleeping dog, tired out with the vigil of other nights. They then proceeded to break down a door leading to the room where the animal was confined. Toward only snored on.

Seizing him bodily, the burglars decamped with the watch dog and made their escape, his gentle breathings only disturbing the midnight slumbers of the neighborhood.

The police are looking for the two men and the dog.

# WIELDS GUN AND MAKES MAN DANCE

Sailor Arrested After Lively  
Row in San Francisco  
Hotel.

SAN FRANCISCO, June 2.—After he had made the night clerk go through a series of antics and had been jumping and somersaulting, Leonard Thorpe, a sailor, created a furor at the Hotel Hotel early this morning by firing two shots at Mrs. Louise Nye, of 713 Mission street, and was finally captured and charged with assault with intent to commit murder. Thorpe, a sailor, entered the lobby of the hotel about 3 a. m. Catching sight of the night clerk behind the counter, he drew a revolver and compelled that official to perform for him. Terrified by the weapon, the clerk complied while one of the guests, catching sight of the performance, telephoned the police. Meanwhile Mrs. Nye entered the lobby. At sight of her, Thorpe turned a gun in her direction. A chase around the corridors followed, during which the sailor fired twice, but fortunately missed his mark.

# ROAD INTO CONTRA COSTA COUNTY PLANNED

RICHMOND, June 2.—A direct tax of 25 cents upon the \$100 valuation upon all property in the county may be levied commencing this year and continuing for a period of four years to build a permanent paved highway from the Alameda county tunnel through Lafayette, Walnut Creek, Concord, Pittsburg and Antioch to Byron. The board of supervisors yesterday afternoon held a mass meeting at the county seat where delegates representing all sections of the county discussed the plan to raise funds by this manner and to build about ten or twelve miles of road each year. The final decision will be made at a meeting scheduled for June 15. That this plan will prevail is likely from the sentiment expressed by four members of the board. Supervisor Zeb Knott of Richmond is not very strong for the direct tax proposition.

CHATEAU VINDICATED.  
RICHMOND, June 2.—By a vote of four to three the board of supervisors refused to uphold the charges against Grand Canyon Park Chateau, the big roadhouse situated just outside of the city. Supervisor Knott of this district held that the resort's license be cancelled, but he secured no second to his motion. Charges that the place operated after midnight—the closing hour for restaurants of lower houses outside of the incorporated cities of the county—were made by Rev. P. E. Peterson, president of the Richmond Good Government League and Rev. S. E. Skinner, pastor of the First Baptist church.

WORKS WITH BONE BROKEN.  
RICHMOND, June 2.—Manuel Faria, of 634 Sixteenth street, who fell from a stall at the Standard Oil Company refinery several days ago discovered yesterday that his collar bone had been broken in the accident.

LABEL LEAGUE PLAYS WHIST.  
RICHMOND, June 2.—Twenty tables of which were played last night at the whist party given by the Union Label League in Polytechnic hall. The winners were Mrs. McVicker, ladies first; Mrs. C. E. Johnson, ladies second; Mrs. E. Williams, ladies third; Mrs. E. E. Klein, ladies consolation. Ira Wilson, gent's first; J. C. Krust, gent's second; W. S. Keach, gent's third; C. H. "Long" gent's consolation.

TINOSHON CASE GOES OVER.  
RICHMOND, June 2.—Judge Tingstrom's plea for probation will not be heard by the Superior Court until June 15. He is charged with being distributed in the delinquency of 15-year-old Sandella Geuberry, a Richmond high school girl and has pleaded guilty. It is likely that he will not be allowed to escape punishment.

BOUND OVER TO COURT.  
RICHMOND, June 2.—Jake Koleno has been bound over to the Superior Court on a charge of assault with intent to commit murder. Koleno appeared in Police Judge William Lindsey's court yesterday afternoon. He is charged with attacking James Clifford, a Santa Fe electrician.

# "CHEMICAL BAIT" MAY SAVE FARMS FLIES, LURED BY MIXTURE, TRAPPED

GEORGE C. RICHARDS, THE Foe OF ORCHARD PESTS, WHOSE INVENTION MAY SAVE LARGE SUMS TO FARMERS.

## Attempt to Oxidize Copper Leads to Discovery

An acid solution which George C. Richards, a mining man of 1417 Ashby avenue, Berkeley, discovered by accident will be the means of saving the farmers and orchardists of the state hundreds of thousands of dollars annually, according to scientists in the Agricultural College of the State University.

The solution, which was discovered while Richards was attempting to oxidize copper ore, is used as a bait, being placed in traps which attract flies, moths and insects by the thousands. A score of the traps with their peculiar bait are now being distributed by the university agricultural authorities, and found to be a success.

In experiments made by Richards at his home he has found that the solution, which is non-poisonous, is a fatal attraction to seventeen different kinds of flies, from the common house fly to the worst form of the pest, and nine varieties of moths. These include the deadly codling moth, seed corn maggot, the tachina fly, the tussock moth, the cutworm, armyworms and the corn-eating worm, the alfalfa semi-loop, the California oak moth, which is destroying the live oaks of the coast, and the red-humped moth.

All of these moths are responsible for the annual destruction of California crops worth fortunes. The solution which Richards uses as a bait is placed in a small receptacle and is absorbed by a wick. The whole is then placed in the bottom of an ordinary insect trap, to which the peculiar odor of the solution attracts flies of all varieties, as well as moths and injurious insects. Honey bees are not attracted by the odor, which does not kill, but merely lures the victims into the traps.

Under Richards' system the traps are to be distributed about fields, one to an acre. The destructive moths flock to them, deserting the fruits, vegetables and cereals in the fields, and become imprisoned. Richards' experiments at his home have proven that the destructive insects will leave growing things for the bait. He has a

large garden, in which he has distributed a number of traps. He has had absolutely no trouble in his small field from insects of any kind.

"I stumbled upon this discovery by accident," Richards said today. "It was while I was attempting to oxidize some copper ore. I was using a peculiar solution of acid and noticed that thousands of flies entered my workshop and plunged themselves into this solution. They came by the thousands, and I became interested. I built a clumsy fly trap, placed some of the solution in the bottom and left the whole out for the night. The next morning the receptacle was practically filled with moths and flies."

"I then told of my discovery to scientists at the State University, who assured me that such a device was badly needed in this country, as it would prove the instrument for the annual saving of fortunes in crops. So I perfected the solution, have it patented and have formed a company."

The company is known as the Moth Bait and Trap Company, with offices in the Bacon block. Frank Adams is president and J. N. Turner the secretary.

## DISTRIBUTE FISH FROM CALIFORNIA HATCHERY

By Associated Press.  
SACRAMENTO, June 2.—Work of distributing forty-eight million salmon and trout, the largest output of the California hatchery, has begun. Nineteen million are of three varieties of trout, Lochleven, rainbow and eastern brook, and these will be distributed in the lakes, streams and rivers throughout the entire state.

The work of the state fish and game commission has increased to such an extent that another car to be used in the distribution of the fish has been ordered. This year's hatchery output for distribution would tax to capacity over 200 freight cars and if the fish to be turned loose were stretched tail to tail it would make a line of fish over 2000 miles in length.

The first carload of two hundred carload lot started on its way from the McClellan hatchery, the largest trout hatchery in the world, on May 29. Seventy-nine carloads are to follow in quick succession.

## ELECTRIC IRON CAUSES BLAZE IN SUISON HOME

SPRINGS, June 2.—Flames were observed last night at 11 by Edward L. Lavelle, who lives at 1401 North of the damaged house. The fire broke out at a late hour in a few moments the flames were at the roof.

The fire was caused by an electric iron left on an ironing board which one of the servants had been using earlier in the evening. Smoke was noticed by several passing at 10 o'clock who said they smelled gas burning.

The living room and roof and the parlor and bedroom are burned clear, and the kitchen is a total loss.

ELDEST LODGE WOMAN DIES.  
HEALDSBURG, June 2.—Mrs. Electra Kennedy, oldest member of the Eastern Star, known as "Grandma" Kennedy, died yesterday evening after a lingering illness caused by old age. At her bedside at the time of her death was her son, George Kennedy, aged 78, and her granddaughter, Mrs. Meyer.

REFUSES TO REMARRY.  
OROVILLE, June 2.—L. E. Osborne, well-known Butte County mining man, charged with perjury in connection with the annulment of his marriage to Nona Osborne, has failed in an effort to effect a reconciliation with his former wife, where the marriage ceremony was to take place.

TO DISSOLVE ASSOCIATION.  
RENO, June 2.—In the yearly report of the Safety First association, the executive committee recommends that the association cease to exist on June 1 and that all property belonging to the body be turned over to the state labor commissioner. This action was brought about by the creation of the office of state labor commissioner at the last session of the legislature.

"TAXE & TIP"—New for a Criticism Trip.

## ATTACKS DANCES HELD IN RICHMOND RESORTS

RICHMOND, June 1.—Inspector Attorney George E. T. Stevenson, who conducted the raid on the Richmond resorts, has announced that he will not prosecute the dances held in the resorts. He declared that the dances were a social affair and that the dances were held in a very quiet and respectable manner. He also stated that the dances were held in a very quiet and respectable manner.

Chief of Police Charles Walker declared that the dances were a social affair and that the dances were held in a very quiet and respectable manner. He also stated that the dances were held in a very quiet and respectable manner.

REDEMPTION ELECTION OFFICERS.  
RICHMOND, June 2.—An election of officers was held last night at Pythian Castle by the Grand Lodge, Improved Order of Redmen, which resulted in the selection of the following: W. F. Wilson, president; E. B. Frank, senior saganmore; D. J. Eadie, junior saganmore; W. E. Patton, prophet; W. I. Lautenschlager, chief of records; L. Michael, collector of mawpump; L. N. Jarvis, keeper of mawpump; E. J. Eadie, chief of mawpump; H. L. Carpenter, medicine man; and L. H. Hampton, trustee. One-half tribe will visit Crockett on June 13 and engage in the competitive drill for the county championship which will take place on that date.

# DELEGATES ARE GUESTS AT FAIR

Baptists, Returning From  
Southern Convention, Pre-  
sented Placque.

SAN FRANCISCO, June 2.—Several hundred Baptists representing various nations in all parts of the country, were the guests of the exposition officials yesterday at a ceremony held in the California building. Many of those present were returning delegates to the northern convention of Baptists in Los Angeles. The churchmen were presented with a bronze tablet by Frank L. Brown, director of the exposition.

"The Contribution of Baptists to American Civilization," was the topic of an interesting address delivered by Rev. J. A. Grandall of Minneapolis. He told of the trials and tribulations of the early followers of the faith who believed that every man should be permitted to worship as he pleased. "The Baptists contributed much to the betterment of the Nation," said Rev. Grandall, "in the days of the country and they have left us a noble heritage."

The exercises closed with the singing of the doxology by the assembly. At 1:30 o'clock the visiting delegates were taken to the California building for the off the Marina, the party being escorted by Chaplain George E. T. Stevenson, U. S. Army. Another feature of the early afternoon program was a lecture on "Pagoda Land" by Dr. R. Vinton of Burlingame, in the religious work booth, located in the Palace of Education.

At 3 o'clock a conference was held in Festival hall. Dr. C. M. Hill of Berkeley presided, and brief addresses were made by Dr. Clifton D. Gray of Chicago, Dr. Gilbert M. Brink and Ernest S. Butler of New York.

## SCHOOL TO CLOSE WITH OPERETTA

Students of St. Anthony's Will Produce "Jigamaree" and Musical Program.

"Jigamaree," a musical operetta, will be produced by the students of St. Anthony's school, under the direction of Grand Master, J. W. Sullivan, on Wednesday evening, June 2, at 8 o'clock. The production will consist of a musical and a play. The musical, "Jigamaree," is a story of a young man who is in love with a girl who is the daughter of a king. The play, "The Story of the Little Boy Who Was Afraid of the Dark," is a story of a young boy who is afraid of the dark and how he overcomes his fear. The production will be a very interesting and entertaining one. The students of St. Anthony's school are very talented and their production is sure to be a great success.

The German-American League of California has sent the following to President Wilson:

Mr. President: In view of the rumors circulated by the press as to the hostile nature of our government's reply to the moderate and reasonable German note of May 21, the German-American League of California, comprising 30,000 American citizens of German descent, respectfully request that this reply be as fair and conciliatory as have been our government's messages to Germany's enemies.

England was the first to violate international law through interference with American commerce in stopping our legal trade in foodstuffs with Germany and in attempting to starve needy nations—eventually, including women and children, into submission. Repitals against such violations have always been considered justified. Germany in self-defense was compelled to resort to her only possible means of reprisal. If, as heretofore indicated by the United States government, modern inventions may authorize different methods of warfare, they certainly also authorize different methods of reprisal.

With assurance of unswerving loyalty to our country, we respectfully request right adherence to your neutrality in deeds as in words toward Germany, which has always been a loyal friend of the United States, not only when Americans shook off the British yoke, but also during the War of the Rebellion, when British policy tried everything to destroy the Union.

JOHN HERRMANN, President.  
H. F. BUDDE, Secretary.

## URGENT MODERATE REPLY TO NOTE

German-Americans Address President, Demanding Consideration.

## STAMP COLLECTORS TO STUDY BRITISH AMERICA

Stamp collectors have been invited by the Western Philatelic Association to meet tomorrow evening at the Altamira Hotel, San Francisco. The association, which was formed last November for the purpose of exchanging stamps information regarding them, the holding of stamp auctions and the promotion of good fellowship among collectors, has for its officers:

Henry Loeb, president; William G. Wilson, vice-president; Oliver C. Beard, secretary; Philip Gray, treasurer; Oliver G. Beardslee, librarian; Dr. John F. Killeen, sales and exchange manager. The society announces that any collector of good character is eligible for membership.

## SALAS SENTENCED TO 13 MONTHS, AND FINE

NEW YORK, June 2.—John L. Salas, a New York tobacco merchant found guilty of conspiracy to defraud the government through the payment of money to John Burke, former manager of the California Department of the Panama Railroad, was sentenced today to 13 months imprisonment in Atlanta penitentiary and to a fine of \$1000. A stay of sentence pending an appeal was granted by Judge Hunt. Salas was given his liberty under \$10,000 bail.

Burke and Ricardo Bermudez, former governor of Colorado, indicted with Salas, are yet to be tried.

## NEW "RETURN CHECK" IS OUT ONLY SOAP CAN REMOVE IT

One of the strangest "rain checks" in the world has just been discovered by a little Oakland girl named Alexina MacGeorge. It is not a ticket, nor a coupon, neither is it a badge or button or number. It is nothing that has been used by the National League, the American League or the Federals, and yet any one of these might have made use of it to good advantage.

Little Miss MacGeorge, who lives with her parents at 1222 Twelfth avenue, West Oakland, recently visited the Exposition with one of the free tickets issued by The Tribune. She carried the little slip of pasteboard in her hand and presented it at the door to "Creation," the big E. W. McConnell attraction on the Joy Zone. The doorkeeper admitted her in the usual manner and when the performance was over, she passed on to the other seven attractions. When she arrived at "The Eden Musee," she discovered that she had left her handbag in the seat she had occupied at "Creation." Rushing up to the doorkeeper, she asked if she would be able to leave and come back.

"Why, certainly," he answered.

"But how am I to get back in again?" questioned Miss MacGeorge. "You already have my ticket. Can't I have a rain check?"

"Surest thing you know," he laughed. "Just hold up your hand."

Little Alexina did as she was told, and to her surprise she discovered that the "rain check" was nothing more than a link. There it was, a small, round, shining link, and the good-natured doorkeeper smiling informed the surprised girl that so long as the link "stayed put," she could go in and out of "The Eden Musee" at her heart's content. But was to her if she rubbed it off.

And here is the combination. When you have seen any one of the eight big McConnell attractions and feel as though you would like to come back and see it over again, all you have to do is hold up your hand to the doorkeeper. He then reaches in his pocket, brings forth a small rubber stamp, turns your hand palm down, and after carefully brushing back your coat sleeve, presses the rubber stamp to the back of your hand. Then, presto! you have your rain check.

Little Miss MacGeorge believes that she deserves a Carnegie medal or a bronze plaque for this discovery, and she never loses an opportunity to tell her girl friends about the funny Exposition "rain check."

## BOY VANISHES FROM HOME AFTER DISPUTE

Following a dispute with members of his family Herman Plankin, 15 years of age, and employed as a clerk in the Alcatraz grocery, Alcatraz and Telegraph avenues, disappeared from his home, 364 Sixty-first street, last night, and no trace of him has been found.

He is believed to have gone to San Jose, but communication with friends there failed to reveal his whereabouts. The boy was supplied with extra clothing for his journey. Besides the dark blue suit he wore, he carried an army shirt and blue trousers. He is described as being 5 feet 7 inches tall and weighing 140 pounds.

He took with him \$12 and a bank book so that he could draw on it when he had deposited in the bank.

## COCOANUT OIL FINE FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain multifid coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get multifid coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

## PARENT-TEACHERS' ASS'N OF MELROSE INSTALLS

The regular meeting of the Melrose Heights Parents' and Teachers' Association was held Friday, May 25, in Melrose Heights School with Mrs. P. A. Hans presiding.

After the regular business of the meeting the installation of the elected officers was held with Mrs. L. C. Granger, president of the John C. Fremont Parents' and Teachers' Association as installing officer. It was one of the most beautiful installations yet held by this organization and the marked interest displayed by the members and visitors was noticeable and shows that good work is being done for the community and schools.

The following officers were installed: Past president, Mrs. P. A. Hans, president, Mrs. A. T. Kaise; vice-president, Mrs. H. N. Smallwood; recording secretary, Mrs. E. Rayner; corresponding secretary, Mrs. V. J. O'Neill; financial secretary, Mrs. H. D. Darnell; auditor, Mrs. P. A. Hans; historian, Mrs. C. Sawyer.

Mrs. P. A. Hans, the retiring president, was presented with a beautiful Congress of Mothers' pin.

An address was given by Professor Inskip on the good work of the organization, and how through their efforts he had been able to organize a school band and many other things, he would have been unable to accomplish without their co-operation.

A select solo was rendered by Miss Granger and was given enthusiastic plaudits.

A reception and banquet to the past and new officers and visitors was given as an evidence of appreciation of the good work that had been done.

## GIRL VANISHES FROM HOME AFTER ARGUMENT

No trace has been found by the police of fifteen-year-old Katherine Seifert, daughter of Mrs. Eleanor Seifert, 619 Jones street, who disappeared following an argument with her mother. It is whether she should have a new dress. The girl, who has a penchant for running away from home, declared that she would never return if she is a blonde, blue eyed and was a brown dress.

## LARD CAUSES BLAZE

Fire broke out in the home of W. H. Howland, a street car conductor, living at 1835 Thirty-ninth avenue, early today when a can of lard boiled over on the stove. The damage confined to the kitchen, was nominal.

## STATUARY FROM FAIR TO BE KEPT

Will Divide Art Works Among Cities, Is Latest Plan.

TRIBUNE BUREAU, Panama-Pacific Exposition, June 2.—The magnificent statuary of the Exposition is not to pass with the fair to oblivion at the end of 1915. This was definitely announced when, today, news was made public of a plan to divide the art works among the different cities of the United States. Already four hundred cities have requested bits of the statuary as souvenirs.

Some of these statues have been hailed as among the world's greatest works. The remarkable bit, "The End of the Trail," and several other striking pieces are in considerable demand. Plans for the distribution of the statuary have not yet been completed by the Exposition officials.

News was also made public today that the force of uniformed guards at the Exposition is to be cut down to 150 men, to be accomplished through calling in the aid of the San Francisco police to guard the gates of the fair and other portions, per se, labeled to insure their return home, and a permanent will be held in front of the Fine Arts Palace in which 500 little girls will be the center of attraction.

The Japanese Commission was host yesterday after noon to 150 members of the Art Progress League. Commissioner Jio Harada was the speaker of the day.

## EXPOSITION PREPARES FOR 'ALAMEDA CITY DAY'

TRIBUNE BUREAU, Panama-Pacific Exposition, June 2.—Tomorrow Alameda City holds its big fête at the Exposition. Preparations were completed on the grounds today while in Alameda the committees in charge of the celebration finished their work. The Exposition officials are holding every aid to make the day a success.

The city of Alameda will send several thousand school children, each one tagged and labeled to insure their return home, and a permanent will be held in front of the Fine Arts Palace in which 500 little girls will be the center of attraction.

Neil Schmidt, champion girl swimmer, will swim from the Yacht Harbor to Alcatraz Island.

## MAYO MEN'S ASS'N TO HOLD ANNUAL FIESTA

The Mayo Men's Association, composed of 1000 Irishmen of San Francisco and the bay cities, will hold its annual fiesta and games in Schuetzen park, San Rafael, on Sunday, June 10. A special Exposition program has been added to the usual card of events this year.

Thousands of Irishmen and their families from all parts of California, and scores of others from distant states now visiting the Exposition, are planning to participate. Preparations have been made by the "Mayo Men" to entertain the largest gathering in the history of their organization.

Among the feature attractions scheduled are a track and field meet, Irish games and pastimes, novel and grotesque contests for young and old of both sexes, championship Gaelic dancing competitions and prize pavilion dancing. Valuable trophies will be awarded the winners.

The "Mayo Men" in charge include: Enas Kane, Supervisors Andrew Gallagher and John O. Walsh; T. J. Jordan, P. J. Duffy, P. J. Roddy, T. J. Quinn, M. J. Lally, Thomas Rush, John J. Gannon, J. F. Brannick, William Gavan, Thomas Fallon, E. Beylan, T. P. O'Garra, T. Gibbons, J. Quinn, P. O'Boyle, A. Kane Jr., J. F. Tammonney, E. Hopkins, A. Heulthaus, J. J. Rush, H. C. O'Donnell, M. Johnston, P. Barnicle, J. J. Conboy.

## ENGINEER REPORTS

VALLEJO, June 2.—City Clerk Edgcombe's statement of money collected through his office during the month of May shows the total at not \$4,487.72 found its way into the city treasury through that channel.

## BATTLESHIPS NOT TO COME TO FAIR

Trip Through Canal Is Put Off; No Details Are Announced.

By Associated Press. WASHINGTON, June 2.—Although the Panama Canal is in physical condition to permit the passage of battleships, it is now known that the Atlantic fleet will not make the tour through the great waterway next month, as previously planned. No official announcement has been made on the subject, and officials are redoubt in discussing the situation.

That the canal will permit the passage of battleships is evidenced from the fact that the Annapolis squadron of three ships will leave the Naval Academy next Saturday for the summer cruise of the midshipmen, which this year will be through the Isthmian waterway to the San Francisco Exposition.

The original plan was to send the Atlantic fleet to San Francisco this summer, the program calling for the passage of the warships through the Isthmian waterway. But there has been no evidence of any preparation for this event for more than a month.

## IMPROVERS WITHDRAW FROM TAX ASSOCIATION

Alleging that the organization has been lax in its duties and that it has been negligent of its affiliated bodies, the United Improvements club, a combination of improvement organizations east of Lake Merritt, have withdrawn from membership in the Alameda County Tax association. The reasons given for this action are:

That the Tax association was negligent in its duty in failing to prepare a new charter for Oakland in time for ratification by the legislature at the session just closed.

That the executive committee of the organization is composed of men of wealth, who contribute to the support of the association, and that the United Improvements club has been denied representation thereon.

That there has not been a general open meeting of the Tax association since 1912.

## PARTIES ARE UNITED IN FIGHT

Republicans, Democrats and Prohibitionists Against Non-Partisan Bill.

SAN FRANCISCO, June 2.—Republicans, Democrats and Prohibitionists were united last night at a meeting in the St. Francis hotel, at which was formally launched the campaign to be made against the non-partisan bill to be voted on at a referendum election to be called by the legislature for October 20. William C. Ralston was chosen chairman of the joint committee of all parties and Robert P. Troy was elected secretary. The one is a Republican, the other a Democrat. Mrs. Nora Rasmussen, Democrat, was named as vice-president.

It was decided that an executive committee to consist of sixteen members, four representatives from the Republican, Democratic, Prohibitionist and Socialist parties, shall be appointed to conduct the campaign against the destruction of political lines. This committee will have charge of the circulation of referendum petitions submitting the question of non-partisanship to the people at the special election called by Governor Johnson through the legislature for October 20.

MANY REPUBLICANS SPEAK. Speeches were made by former Governor James N. Gillett, William C. Ralston, Charles M. Belshaw, R. P. Troy, Assemblyman Milton Schmitt, S. P. Meads (who was the prohibitionist candidate for Governor), Mrs. Mary Fairbrother, Charles Gildea, Timothy Treacy, S. O. Walker of Visalia, Mrs. Nora Rasmussen, Mayor Frank M. Mott of Oakland and others.

Gillett advised that the entire non-partisan direct primary law bill be submitted to referendum, instead of only those sections referring to non-partisanship. He said that if the act was defeated it would not affect the direct primary law of the state.

LAW'S DEFEAT PREDICTED. Charles Gildea, veteran member of the Iroquois club, expressed the belief that the Supreme Court would declare the non-partisan law unconstitutional.

S. O. Walker, who came all the way from Visalia to be present at the meeting as a member of the Republican conference committee, stated that the people of California are anxious to vote on non-partisanship. "And they will defeat the law," he predicted.

Walter R. Bacon, chairman of the executive committee of the Republican State Central Committee, participated in the conference. He will have a directing hand in the campaign.

Ralston will name the executive committee, of sixteen within a few days. Charles M. Belshaw probably will head the committee.

WILL STUDY EFFICIENCY OF SCHOOLS IN OAKLAND. Professor E. F. Cumberley, former member of the faculty of the department of education of Stanford University, who during the past few years, has been acting as an educational administration expert in Butte, Los Angeles, and other cities, has been engaged by the Oakland Board of Education to study the efficiency of the school department and render a report.

Recently Professor Cumberley has been in Los Angeles studying school administration conditions and his report resulted in many changes of a drastic nature looking toward elimination of needless expense and for the promotion of greater efficiency.

He is expected to carry on work of a similar nature in Oakland schools and his report is looked for with great interest by the board and members of the department.

## Women, Caught in Raid, Face Trial

By Associated Press. WASHINGTON, June 2.—A score of defendants, including two women, faced a charge of conspiracy against the United States government as alleged handbook makers. They were arrested in a general raid of ten or more places here late yesterday by special agents of the Department of Justice and the local police.

Conviction on a charge of conspiracy against the United States government provides a penitentiary sentence with no alternative of a fine. Department of Justice officials gathered the information on which the warrants were sworn out.

COMMITTED TO ASYLUM. Harold Bringsrud, who was serving a sentence in the county jail for an attempted assault upon Marshal John Glavinovich of Albany in Emeryville recently, was committed to the Stockton Asylum today by Superior Judge Donahue. Bringsrud developed symptoms of insanity after he was committed to jail. His wife, Mina Bringsrud, swore to the complaint against him.

## King Gustavus Will Have Personal Envoy Here

Fully 10,000 Swedish-Americans from every state in the union are expected to attend the singing festival and convention of the United Swedish Singers of the Pacific Coast in this city and San Francisco, June 16 to 24. This will be one of the biggest gatherings in the city for the exposition year.

Some of the most prominent Swedish-Americans in the country will be present. They will include George A. Carlson, Governor of Colorado; John Lind and Albert O. Eberhart, former governors of Minnesota; and Count Claus Bonds, of Washington, D. C., secretary of the Swedish legation, who will personally represent King Gustavus of Sweden. Prospective visitors have chartered trains and steamers to come here from Chicago, Omaha, New York and other cities in the East.

A chorus of 200 voices, with a number of soloists, will appear in the Oakland municipal auditorium on the evening of Saturday, June 19. Two more soloists have been added to the list of singers. They are Joel Mossberg, of Chicago, noted baritone singer and director-in-chief of the American Union of Swedish Singers, and Miss Esther Hjelite, of Oakland, a piano virtuoso.

A series of three concerts will be given. The first will be held in the San Francisco civic auditorium, Wednesday evening, June 16; the second, at Festival Hall, at the exposition, Saturday evening, June 19. The public functions of the organization will close June 20 with an outing in Shell Mound park. The Swedish Day "Midsummer" June 24, will be celebrated jointly by all Swedish societies and congregations in the state with a parade and other festivities in San Francisco.

## EPIDEMIC OF FAINTING PROBED

Is Example in "Mob Psychology," Declares University Physician.

BIRMINGHAM, June 2.—Physiological evidence that in the example of a fainting epidemic is a mob psychology, declared a University of California expert today in a lecture before the students of the University of California who were questioned regarding the demonstration of a fainting epidemic at the fireproof theater on Sunday when sixty young women, in rapid succession, swooned during the exercises of the San Francisco Normal school.

Dr. John N. Rose, assistant professor of epidemiology, who, in the students' infirmary, has had much opportunity for investigation, today pointed out of his experience a case remarkable for its parallel and one that sustains the theory that many of the Normal students who fainted did so because they saw the others.

"We used to find," said Rose, "that in the infirmary when we were vaccinating large numbers of students that many would first appear faint when they saw another who was groggy. Those who had been treated used to stand around with sleeves rolled up, while their arms dried. They would appear to be all right until perhaps one who was being vaccinated fainted. Then the impulse traveled around so that we had to afford coats for the number who went out."

"The organization of the California branch of the Congressional Union for Woman Suffrage was effected at the morning session, with Miss Anita Charlotte Whitney as president, Mrs. Albert Sabin as secretary and Dr. Mary Sperry as treasurer.

By Associated Press. SAN FRANCISCO, June 2.—F. V. Baker, pursuer on the steamer Ventura, accused of smuggling jewels into the United States, was placed on trial before Federal Judge Dooling today. The chief witness for the prosecution will be Mrs. Katherine Francis, wife of E. J. Francis, a wealthy jeweler of Sydney, who brought over \$30,000 worth of opals intending to sell them for her husband and J. O. Baker.

The customs guards were suspicious of the actions of Mrs. Francis, but no jewels were found on her person. Later U. S. Treasury Agent Tidwell recovered them in her room at the Stewart Hotel. Baker was arrested as a result of sending her a \$10,000 opal in a package. It was then that his connection with smuggling was ascertained.

Mrs. Francis pleaded guilty and sentence was suspended on the ground of the fact that she is about to become a mother. Baker pleaded not guilty and is standing his trial.

## Two Forest Fires Raging in Minnesota

DULUTH, Minn., June 2.—Two forest fires are reported to be raging in timber northeast of Duluth. The flames, after burning two days in the small timber, got beyond control and help has been asked.

## TO REPEAT MOUNTAIN PLAY AT TAMALPAIS

Owing to the heavy rainfall of Sunday, May 22, the date of the third annual Mountain Play, the Mountain Play Association has decided to repeat the performance at 2 p. m. next Sunday. Two thousand tickets were sold for the play all of which will be honored at the company production. It is estimated that 4000 people made the advent to the Summit of Tamalpais but great numbers remained at West Point on account of the rain, while those who walked to the theater and saw "Rip Van Winkle" enacted in the storm, suffered a good drenching.

## WOMAN IS ARRESTED ON LARCENY CHARGE

SAN FRANCISCO, June 2.—On complaint of George Allen, a salesman, Miss Rose Gamble was arrested and charged with grand larceny by Policeman J. J. Smith in the house at 403 Mission street, and accused the Gamble woman of taking \$111 in jewelry. There was some sort of argument. Police whistles were blown and when Officer Nash burst in the melee was such that he arrested Smith and Allen, charging them with disturbing the peace.

## SANTA FE LIMITED TO MEET ST. LOUIS TRAINS

T. A. Rigdon, passenger agent of the Atchafalaya, Topeka & Santa Fe Railway Co., has just received advice from J. J. Byrne, assistant passenger traffic manager, Los Angeles, that beginning June 1 the Santa Fe's California Limited will make direct connection at Kansas City via all lines for St. Louis and points reached via St. Louis. This new connection will make direct connection at Kansas City via Chicago or St. Louis.

## JUDGE DONAHUE CHOSEN COUNTY DAY SPEAKER

Superior Judge William H. Donahue has been chosen by the committee in charge of the Alameda County Day at the Exposition to deliver the address for the occasion.

## WOMAN IS LAWYER FIRST AT COLUMBIA

NEW YORK, June 2.—For the first time in the history of Columbia University a woman was a candidate for the degree of doctor of law conferred today at the annual commencement exercises. Louise Lee Schuyler, founder of the State "Charities" Aid Association and originator of the first American training school for nurses, was chosen for that honor. She is a great-granddaughter of General Philip Schuyler of the American revolution and a great-granddaughter of Alexander Hamilton.

## WOMAN SUFFRAGE UNION CONVENES

Prominent Speakers From Many States Address Conference.

SAN FRANCISCO, June 2.—Speakers from every state and nation where women have the ballot today addressed the conference of the Congressional Union for Woman Suffrage meeting in the ball room of the Inside Inn at the exposition. Miss Charlotte Anita Whitney of Oakland is president.

Mrs. Charles F. Edison of Los Angeles was the principal speaker at yesterday's session of the organization. In the course of her address she recited some of her experiences with the legislature at Sacramento and caused a mild sensation by reproaching fellow delegates with the accusation that they remained at home and let three of us make your fights before the legislature.

Miss Gail Landis gave the history of the amendment now before congress providing for the enfranchisement of all women of the United States. She began with January, 1848, when Senator Aaron A. Sargent of California presented a bill giving the right to vote to all citizens regardless of sex, and continued down to the present time. The case of the amendment has been revived by the recently organized Congressional union.

Frances Kelley of New York spoke of the 87 years of struggle for suffrage, during which suffrage leaders had appealed to negroes, Indians, Chinese and naturalized citizens, passengers from Europe to permit free-born American women a voice in their own government.

The organization of the California branch of the Congressional Union for Woman Suffrage was effected at the morning session, with Miss Anita Charlotte Whitney as president, Mrs. Albert Sabin as secretary and Dr. Mary Sperry as treasurer.

## "DRY" WORKERS IN FRESNO SESSION

Prohibitionists Consider Issues to Be Placed Upon Ballot.

FRESNO, June 2.—More than 1200 prohibitionists, representing all parts of California, are in Fresno today in attendance at the State convention of "dry" workers. The convention will open at 10 o'clock this morning, and will continue all day. The delegates are expected to vote this afternoon on the propositions to be placed before the people of California at the 1916 ballot.

The general committee of one hundred is said to favor state-wide prohibition, with wine, whiskey and beer all in one issue and to let this issue stand or fall as a whole. The various sub-committees recommended two propositions to the committee of one hundred. One proposition is the abolition of the saloons, the other closing of the wholesale liquor trade.

## MR. PERKINS OF YOLO TREATS ONCE TOO OFTEN

SAN FRANCISCO, June 2.—Frank Perkins, who lives at Woodland, was approached by a stranger on the waterfront who asked for money to buy a meal last night. Being in a jovial mood Perkins treated the beggar to several drinks in saloons on the Embarcadero, bought him a French dinner and took him to his apartment in the Market Hotel, 245 Washington street. When he awoke this morning he discovered that he had been robbed of valuable worth \$20 and that his guest of the night was missing.

## SEEK MISSING GIRL

SAN FRANCISCO, June 2.—The police are searching for Katie F. Amba, a 15-year-old girl, who has been missing since May 23 from her home, 75 Shipley street. Her father, Joseph Amba, notified the detective department this morning that he feared for the girl's safety. Police of nearby cities have been notified to be on the lookout for her.

## RESIGNATION OF TEACHER ASKED

Albany Board Takes Action After Long Quarrel With Principal.

ALBANY, June 2.—A series of charges and countercharges made by school board principal L. M. Elskamp of the Albany Grammar school, has come from the board of education a request for his resignation. If a reply is not forthcoming today to the board members, Elskamp, it is said, will this evening be summarily dismissed.

While the feud between board and principal has been brewing almost from the time Elskamp took office a year ago, matters were brought to a head last night when he charged Mrs. Delphine Tenney, teacher in the seventh and eighth grades, with incompetency and further stated that re-statement of teachers discharged a year ago was brought about by intimidation of board members and that religious organizations and the San Francisco board of education exerted the pressure. According to Clerk John V. McCullough of the board, Elskamp named several men whom he said exerted additional influence.

He charges that G. H. Wheeler, an employee of the San Francisco board of education and also member of the Albany board, was the man whose vote was changed.

TELLS CONVERSATION. McCullough at last night's meeting, according to the minutes, rose on a question of privilege to relate his alleged conversation with Elskamp. He said: "I met Elskamp on Friday and he told me that he had heard from parties that the retention of one teacher dismissed last year was brought about by politicians, the board of education of San Francisco and a religious academy in Albany, and that he had been informed that Wheeler, one of our board members, had been instructed to vote for the retention and that the instructions carried with them something in the nature of a threat."

"I consider it a duty, inasmuch as the reputation of men of high standing in Oakland and San Francisco is involved, to demand of Elskamp that he give the name of the party with whom he said he talked and who makes the charges. The statements are hearsay and should not be accepted."

Following the meeting McCullough stated that he would see that if Elskamp did not furnish the name, that some action toward that end was started. He then read a note asking for the resignation of Elskamp a request which met with the approval of the board and has been delivered.

## MEANS DISMISSAL

"If Elskamp does not reply by this evening," added McCullough this morning, "it is probable that we will take the only action left and ask for his dismissal."

A year ago the board considered the dismissal of Irene Gallagher and Beattie Patton, teachers in the schools. Wheeler voted against the move. Since that time there has been more or less gossip and intimation that politics were entering the board's discussions all of which has been denied by board members. Should Elskamp be dismissed this evening, it is anticipated Mrs. Tenney will take his place. As the school closed for the term a week ago, Elskamp was not in Albany today. He succeeded J. Alexander as principal and made his home at 909 Jackson street, Oakland.

## ARRESTED ON SUSPICION OF BEING AUTO THIEF

Just as he was about to crank an automobile, not his own, Richard Barker was arrested by Officer Nightingale at Fifteenth and Franklin streets and is held on suspicion.

Corporals Kuntzsch and Brock arrested Henry C. Elks and Ben Kennedy at 53d and Adeline streets for stealing the automobile of C. B. Barton, 354 State street, and for driving it at Fifteenth and Franklin streets. The police recovered the machine of Charles R. Stone, 6450 Benvenue avenue which had been stolen in San Francisco.

## SEEK MISSING GIRL

SAN FRANCISCO, June 2.—The police are searching for Katie F. Amba, a 15-year-old girl, who has been missing since May 23 from her home, 75 Shipley street. Her father, Joseph Amba, notified the detective department this morning that he feared for the girl's safety. Police of nearby cities have been notified to be on the lookout for her.

## NEWS AND VIEWS OF SPORTDOM

AUTHORITATIVE REPORTS  
and ENTERTAINING GOSSIPBASEBALL  
By Billy Fitz

From the totally impossible Missions of last year to the Salt Lake team of this season is a transformation that needs a lot of explanation to be clear. Of course the team has strengthened some, but there is undoubtedly a great deal in the fact that they are playing for a city that has become baseball mad. The psychological effect on players of having a whole town behind them every minute of the game, especially when the players are of the Buddy Ryan or Elmer Zacher type, is a great factor in the playing of the Bees.

Salt Lake has gone baseball mad, and the players are no longer the same. Every one of the Salt Lake tusslers is playing over his head, just as the Oakland team was in 1912. When the crowd goes wild about the seventh inning, the players just start something. A batting rally is not a question of possibility, it's a question of necessity. When the crowd gets up and demands a ninth inning rally, the team comes through, that is if the team is in its stride.

There is no doubt that the somewhat lukewarm sentiment that has prevailed locally since the team went to pieces in 1914 has had a great deal to do with the failure of the team in 1915. If Oakland fans were to suddenly go baseball crazy the way they were in 1912, the Bees would pick up. The initiative will have to come from the other direction, however. If the Oakland team were to start something exciting, and stage a few ninth inning rallies on the home grounds, baseball spirit would come into evidence. It is a kind of boomerang. If the team is going well, it will receive the support of the fans, and in turn will continue to be good by reason of the support the fans are giving them.

Marty Wolverton and his bunch of Seals arrived yesterday after a three weeks' road trip to look up with Pop Dillon's Angels here. Wolverton is a little better than the Seals, but he is not playing the next two months, for they are to play at home for seven of the next nine weeks. Out of the Seals won nine of them which is not so bad. Six out of seven from the disappointed Tigers gave Boss Harry a good start.

Pop Dillon will be here with his set of Angels and we will then be able to see what the Seals are made of. The team has been released by Bill Abstein, Harry Harper, and Dan Alcox. To take their place, Dillon has secured a lad named Henry from Seattle who played in 125 games in the Three I league last year and batted .295. He also stole 45 bases.

Beatty will have to show lots of class to make the fans forget Bill Abstein, for Bill was last year one of the best catchers in the league. The Angels are now down to seventeen men with no utility outfielder and only two catchers. He figures to be in the outfield whenever the occasion demands.

As intimated in yesterday's Tribune, Howard Mundorf has been given notice of release by the Oakland club. Mundorf has been in the coast for several seasons, during which time he has been regarded as a high-class ball player. He was up on this year a member of the San Francisco club, but owing to an over abundance of good outfielders is being let go by the local club.

Charley Chech Beats  
the Wild Bumble Bees

LOS ANGELES, Calif., June 2. — Chech kept the Salt Lake hits scattered, and kept the Seals' attack in check. He pitched a gem, and the Seals' attack was a feature. The Venice scored three hits out of four. Chech was the star of the game. He pitched a gem, and the Seals' attack was a feature. The Venice scored three hits out of four. EIGHTEEN SHUT-OUTS  
IN FIRST 8 WEEKS

There were eighteen shut-outs in the Pacific Coast League in the first eight weeks. Los Angeles has to its credit the greatest number of blanks for the opposition, with five. San Francisco and Venice have shut the other side out four times each. Oakland has blanked the other club three times, while Salt Lake and Portland have each sent the opposition back home once.

The Seals have gone through the first eight weeks without being blanked, and the Bumble Bees have been shut out once. Venice has been shut out once, Oakland and Portland have suffered such defeat four times each, and the Angels have three against them.

The heaviest who have pitched the shut-outs are:

## WITH THE MAJORS.

Christy Mathewson was hit hard by the Braves yesterday, and the old major leaguer had to make way for a bushier Paul Schupp, by name. The latter was touched up freely also. Ragan, the Brooklyn cast-off, entered the "come-back" class by holding the Giants to two dead ones as far as major league play was concerned. Another wire move by the Miracle Man? The final score was 7 to 9.

A bushier named Betzel singled in the second inning of yesterday's Cincinnati game, and two runs scored. Long and Dolan talking. Betzel then scored on a wild pitch and a moment later Snyder scored, thus making four runs and winning the game. The Reds tried hard but could only put two across the pan, and the Cards won, score, 4 to 2.

LONG, Dolan, Betzel and Huggins each got two safeties off Brown, Bear and Toney, the Cincy pitchers, while Buck Herzog and Tommy Leach got two each off Meadows, the Card youngster.

A homer by Zack Wheat and two singles beat the Phillies single-handed yesterday. Becker gathered three hits for the Phillies in six times bat, while Davy Bancroft failed to hit in six tries and a score of 4 to 1. The great Yankee had to make way for Al Demaree, while Dell pitched the entire eleven innings for Brooklyn.

The effective pitching of Zabel, a youngster, who allowed the Pirates only two hits, won for the Cubs yesterday. Babe Adams pitched good enough ball to win an average game, but the Cubs knocked him for two runs which gave them enough to win and one to spare.

In a hotly contested thirteen inning game the Boston Red Sox beat the Yankees by a score of 4 to 1. The great Yankee had to make way for Al Demaree, while Dell pitched the entire eleven innings for Brooklyn.

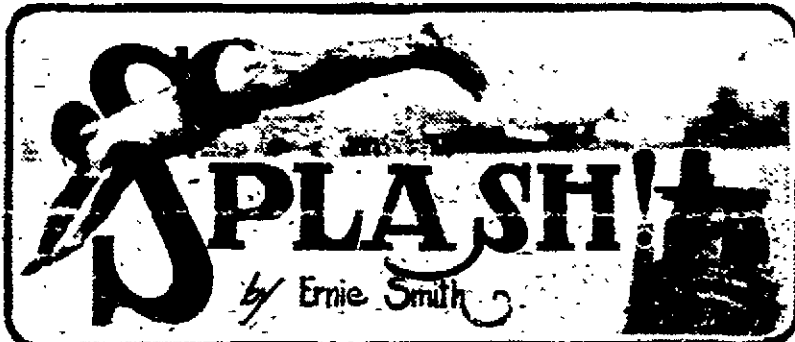

Urban Faber, the Sox fielder, pitched a six-run game against the Tigers and won the eighth straight game. Eddie Collins scored three of the Sox's four runs and poked out three safe hits. Tommy Quinn broke into the game with a single and also stole a base.

Ty Cobb failed to get a hit, while Oscar Frazier was hitless also. Boshler twirled for Detroit.

Buck Weaver is on the bench for a run in with Empire. Hildebrand, and Lera Blackbourne is playing short and getting away with it in great style. Blackbourne being at short, doesn't seem to bother Eddie Collins at second at all, as his work yesterday showed.

Bill James, the former Portland leaver, was very effective with men on base, and the Browns beat Cleveland, score 2 to 1. Chapman at short for Cleveland, Lora Ewing Lewis made their first run on Pratt's triple and Walker's single, and the second on a walk to Austin, an error by Joe Jackson and Walker's sacrifice fly.

These pitching and weak support helped Walter Johnson to beat the Athletics by a score of 3 to 1. The Athletics made six runs in the

The influence of the Piedmont Baths on swimming conditions on this side of the bay is already being felt. The weekly gathering of swimmers at theatorium on Friday nights is bearing fruit in the form of several promising speedsters and a lot of aggressive water polo players. That interest in these meetings is increasing is evidenced by the fact that from a handful of polo players the attendance has jumped to twenty players all eager to participate in the contests.

Herbert Hauser, who has charge of the organization, announces that a regular P. A. Club will be formed so that the men may swim in weekly races and compete in diving exhibitions. If such an organization can be formed, it will stimulate to competitive swimming in Oakland can not be estimated.

A large number of swimmers, who have suffered from the lack of training facilities, have demonstrated by their performances that they will bear watching in the coming season. The improvement of Walter Spencer, formerly of the Oakland "Y," is an example of this improvement. The new Piedmont tank is an ideal one for aspiring swimmers. The width is just right for a good stretch and for turning practice.

The general appearance of the building and the splendid lighting system, play an important part in making training for competition a pleasure.

When a swimmer can paddle a quarter of a mile in six minutes, he must be reckoned as a contender for the coast title. This is exactly what Spencer did last week. If he can maintain the pace he sets in practice, there will be few who will lead him to the tape in the "big event."

Starrett and Hewson are two other swimmers who should profit by the new pool, totaling 100 feet. Hewson was considered as a possible coast title holder in the sprints, but he seemed unable to "deliver" at the right time. His practice performances were always standard, but his competitive showing was

P. P. I. E. TO RETAIN  
CINDER CLASSICS

NEW YORK, June 2. — Frederick Rubien, secretary and treasurer of the Amateur Athletic Union, has notified Edward Babb of Boston and Everett C. Brown of Chicago to make the preparations for the eastern and western tryouts to select competitors for the senior track and field championships to be held at the Pan-American exposition August 6 and 7.

Before taking this action Rubien had received a telegram from the athletic directors of the exposition informing him that financial arrangements for the championships had been completed.

The eastern trials are to be held at the Harvard stadium in Cambridge on June 26, and the western trials will be under the auspices of the central association at Chicago in the middle of July.

TECH CHOOSES NEW  
OFFICERS

As a result of Oakland Technical high school's annual election, Earl (Red) Girvin, former Berkeley high star, was named president. Girvin was chosen to succeed Ralph Kruegel, the former president. Kruegel was chosen to succeed Bud Sharpe as baseball team manager, while the remaining officers for student representatives are as follows:

Track manager, Johnny Blah; basketball team manager, Vaughn Miller; swimming team manager, "Sherry" Lawson; crew manager, Preston Allen; tennis manager, Robert Benjamin; secretary, Kenny Reid.

PEP YOUNG UNDER  
WATCHFUL EYE  
OF TY COBB

Ty Cobb, batter and ball player extraordinary, has turned batting teacher. He now has a class of one named Pep Young, the Tigers' youthful second sacker.

Pep is a wonder as a fielder, but he has some things to learn about batting. Cobb, Crawford & Co. are out for that pennant in earnest, so Ty has taken Young in hand, and scarcely a day goes by without a batting lesson.

Ty's stickwork, curriculum has already produced results, and at least one game has been chalked up to the Tigers' credit through Pep's new hitting style.

Young's batting twice before he joined the Tigers was cramped, but Cobb has coached him into a free swinging power.

GAMBLING BOTTOM  
OF STATE LEAGUE  
TROUBLE

While it is true that lack of financial support made it impracticable for the State League to continue, the collapse of the organization was precipitated by that evil of all evils—baseball gambling.

In the Modesto-Stockton game Sunday backers of the Stockton club wagered \$300 on the result of the game. This was one of the things which caused trouble in the form of an attack upon Umpire Ziegler by Shortstop Westmoreland of the Modesto club. Modesto won 4-3, and Stockton thereupon wanted to alter the schedule so that they could get another crack at Modesto instead of playing the bay county clubs.

According to well-informed sources, failure to draw at the gate induced backers of the interior clubs to risk all on heavy side bets, and this in turn worked against the best interests of the game.

FROM THE SIGNS WITH TIGERS.  
LOS ANGELES, June 2. — Arthur Prommer, former pitcher for the New York National league team, signed a contract yesterday with the Venice Coast league club. Roy Mitchell will be turned back to the St. Louis Americans.

SULKY FANS SEE  
FAST WORKOUTS  
AT EXPOSITION

Reeling off a mile under wraps in 2:07 1-4, O. L. C. Frank Child's fast thoroughbred gave the sulky fans some food for thought at the exposition track yesterday. Trotters and pacers were so numerous that the drivers were constantly in danger of running into each other, and several fast workouts were recorded.

The most interest was attracted by Dr. Burns Jr., who made his initial appearance in the San Francisco turf yesterday morning. Dr. Burns Jr. holds a record of 2:04 1-5, and is credited with having finished second to William, one of the sensations of last season. His driver, Al Whitney, worked him three or four miles and wound up with a fast quarter in 23 flat.

Margot Hal and Zamblick, driven by Lon MacDonald, worked some fast miles and were now busy entering both trotting and pacing in order to be eligible for the coming meet. Everything is now in readiness for the summer's start and the success of the affair will be closely watched by the trotting enthusiasts in the bay cities.

Several strings have been arriving from the south Monday and yesterday and others are now busy entering both trotting and pacing in order to be eligible for the coming meet. Everything is now in readiness for the summer's start and the success of the affair will be closely watched by the trotting enthusiasts in the bay cities.

STATE LEAGUE  
IS BRANDED A  
FAILURE AGAIN

Bad Baseball Weather Runs  
League into Financial  
Difficulties.

Financial difficulties working hand in hand with poor baseball weather, was too much for the newly organized California State League, and it was officially disbanded last night. Six days of continuous rain made a large hole in the league's bankroll, and when Manager Buck Franks of Stockton decided to throw up the towel, the rest of the team managers and directors quit with him.

Six clubs, San Jose, Stockton, Alameda, Oakland and San Francisco, were the teams that made up the circuit. Almost all the clubs were stocked with good talent, in fact, several of the teams had several high class ball players, such as Bert Coy, Luke Clavenich, etc., on his roster, but Franks thought there was a successful one this year and so gave up.

The six teams may continue as independent organizations. Following were the officers and directors of the defunct organization: Louis Schroeder, president; Jack Leher, secretary; Mike Steffani, treasurer; Buck Franks, manager; William Hammond, Alameda; Walter McMenomy, Oakland; and Joe Solari.

NEWSBOYS SING  
AND DINE IN  
HOTEL OAKLAND

Newsboys of Oakland to the number of nearly 150, dined in the south ball room of the Hotel Oakland last night for a big dinner and jollification as the result of the recent boxing show which was conducted for their benefit.

With typical "kid delight" the youngsters tore into the "eats," and vociferously acclaimed all connected with the enterprise.

The dinner was served with true Hotel Oakland style, and though some of the youngsters were rather awed, they were not too awed to do justice to the chicken and the strawberry shortcake, and the other goodies that were set before them.

During the course of the dinner the boys were entertained with speeches and songs. Charley Kidley delighted the gathering with his cleverness at the piano. Among the singers were Miss M. Rutherford, Joe Papino, Harry Baker, Henry Scherr, Joe Bailey, and Rupert Freed.

Gerald Beaumont, sporting editor of The Tribune, assisted "Scotty" De Lauer with the arrangements. Both spoke to the boys and promised other good times.

Entries closed last night for the semi-annual track and field game of the Knights of the Red Branch, which will be held next Sunday afternoon at Shellmound park. Seventy crack athletes have entered the event.

July 6, the Elberhams will gather at the exposition. James C. Neale has been appointed chairman of the athletic committee. Entries for the long list of field and track events should be headed into Neale at his office, Babcock building, San Francisco, not later than Friday, July 2.

## WOULD END WATER CAMPAIGN HEARING

Commissioner Announces That Night Sessions Will Be Begun Soon.

SAN FRANCISCO, June 2.—Night sessions will probably be started in the People's Water Company hearing before the State Railroad Commission this afternoon. The taking of testimony on the application of the corporation for permission to reorganize has consumed the entire attention of Commissioner Edwin E. Rogers for a month, and he stated today that the matter must be brought to a close this week. In order to do that it may be necessary for the hearings to continue into the evening.

R. N. Burgess, chief broker of San Francisco and Oakland, was an important witness for a month, and he stated today that the value of 35,000 acres of foot-candle water was \$157 per acre. He asserted that the property was in every way comparable with the 16,000 acres owned by the People's Water Company. He stated that the value of the property was \$157 per acre, and he stated that the value of the property was \$157 per acre.

# FERRY BUILDING TO BE ALTERED

Engineer's Advisory Board  
Accepts Plan for Changing  
Terminal.

Sacramento, June 2. — The advisory board of the State engineering department, at its meeting yesterday, accepted a plan for the alteration of the ferry building at the Sacramento river terminal. The plan, which was presented by the engineer in charge of the terminal, provides for the removal of the existing building and the construction of a new one, which will be larger and more modern. The new building will be located on the same site as the old one, but will be built on a higher level, so that it will be more convenient for passengers. The plan also provides for the construction of a new pier, which will be larger and more modern than the existing one. The estimated cost of the project is \$100,000.

The advisory board also accepted a plan for the improvement of the ferry service. The plan provides for the construction of a new ferry, which will be larger and more modern than the existing one. Visalia, June 2. — Ralph Merritt, the controller of the University of California, is here making the preliminary arrangements for the opening of the new school year. The school will be opened on September 1st. The new school year will be the first year of the new school year. The new school year will be the first year of the new school year.

Redwood City, June 2. — Antonio Silveira, a rancher and crack horseman of Pescadero, has brought suit for \$15,000 against those concerned in the issuing of a warrant for his arrest on the charge of stealing a horse. The defendants are Justice of the Peace A. W. Woodhams and Constable John P. Woodhams of Pescadero, who lease Loren Coburn's Pescadero ranch.

Stockton, June 2. — Stefano Sangunetti, a pioneer resident of this county, who died several days ago, left an estate valued at \$20,000, according to a petition for letters of administration filed yesterday by Jeronima Sangunetti. The real property included a farm and garden land in San Joaquin county, improved and unimproved, the estimated value of which is said to be \$20,000. The heirs at law named in the petition are Jeronima Sangunetti, surviving wife; Annie Sangunetti; and Rose Vignola, daughters; Fred A. Louis R. and Silvio T. Sangunetti.

Napa, June 2. — Miss Grace Clarke, daughter of Mr. and Mrs. A. Clarke of this city, and J. J. Smith of Vallejo, both prominent in social circles, stole away to San Francisco, to the surprise of their many friends, and were married there this afternoon. Smith is an electrical engineer in Vallejo. The bride gave her age as 15 and the groom confessed to a bare majority when they secured their marriage license.

CANNERY MAN DEAD.  
SAN FRANCISCO, June 2. — Joseph P. Haller, general manager of the North Alaska Salmon Company, died at his home in this city Monday evening after an extended illness.

He was a pioneer in the Alaska salmon canning industry, having built and operated the first cannery in the Ebeing Sea district in the year 1878. He also operated fruit and salmon canneries on the Sacramento river. In 1900 he organized the North Alaska Salmon Company and became its manager, which position he held until the time of his death.

He is survived by a wife, three daughters and two sons.

# Linoleum in one piece Heavy print pattern 4 yards wide Covers a 12-ft. room without a seam

Bright, cheerful patterns. There is an advantage in buying linoleum 4 yards wide, as it will cover a room 12 feet wide without a seam. It wears longer, as linoleum always gives out along the seams; furthermore, it looks better when all in one piece. We roll them out on the floor in the piece.

Benjamin Franklin—"Father of American Diplomacy"  
AMERICA has never produced a greater statesman than Franklin, who was revered by the people second only to Washington. He was a signer of both the Declaration of Independence and the Constitution of the United States, and his wisdom made the latter a possibility. The great Lord Chatham pronounced him not only an honor to the Anglo-Saxon people, but to human nature. In every capital of Europe he was a welcome guest, and he it was who induced France to lend us ships, men and money during the darkest days of the Revolution. Upon his death Congress ordered a general mourning of a month. In France it was decreed that all members of the national assembly should wear mourning for three days. So long as Americans treasure the Republic and Personal Liberty as the noblest of all human blessings, the fame of Franklin can never perish. Personally he was possessed of robust health; he was a well-shaped man, of a wise but merry nature; he had the head of a Greek philosopher, while his grace, his noble bearing and winning personality made him a conspicuous figure in any assemblage of great men. He was a moderate user of all his lifetime of Old Madeira and barley-malt brews. It is safe to say that he tasted the New Republic with every great man of Europe and America. Franklin considered his work in building the Constitution his greatest service to posterity. Upon the self-evident declaration of the Constitution of the United States Anheuser-Busch 25 years ago launched their gigantic institution. To-day, wherever Americans go for health, or business, or pleasure, their famed brand BUDWEISER is there. Its popularity, due to its quality, purity, mildness and exquisite flavor, has daily grown in public favor until 7500 people are constantly employed to keep pace with the ever-increasing demand. When in St. Louis visit the home of BUDWEISER.
